HIGHER DEGREES IN SOCIOLOGY CONFERRED IN 1946 43

STUDENTS' DISSERTATIONS IN SOCIOLOGY 49

Personality

In Nature, Society, and Culture

Edited, with introductions, by
CLYDE KLUCKHOHN *and* HENRY A. MURRAY
Harvard University

The editors have here collected thirty-eight important papers—previously available only in learned journals—that reveal what anthropologists, biologists, psychiatrists, and sociologists have discovered in recent years about the formation and social development of the human personality. This pioneer anthology will prove essential to all students of personality and culture.

Social Life:

Structure and Function

An Introductory General Sociology

By JOHN W. BENNETT, *Ohio State University*
and MELVIN M. TUMIN, *Princeton University*

This book demonstrates that sociology has come of age as an analytical science with techniques as sound and precise as other social sciences and fully as useful for understanding our complex culture and institutions. The authors supply in this thoughtful treatise an introduction not only to the basic ideas of sociology in general but to the major problems of American society today.

Summer 1948; approx. 500 pages; prob. $4.00 text

Rural Life in the United States

By CARL C. TAYLOR AND ASSOCIATES

This authoritative study of rural sociology has been written by seven scholars affiliated with the Division of Farm Population and Rural Welfare in the United States Department of Agriculture. Their work surveys the major rural problems and trends in the country as a whole and analyzes them with particular reference to each type of farming area.

Summer 1948; over 500 pages; prob. $5.00 text
